ELI ERIC Application

Informal feedback provided by the Commission in April 2017:

Very Positive Opinion of the Experts - Main Points of concern:

- Seat of the ERIC: Find a balance between the functions of the seat (it cannot be just ceremonial) and how to maintain efficiency of the operation of the Research Infrastructure as a result of these regular transfers
- Finances, budget and resources; please clarify what budget assumptions and contributions have been agreed concerning the staffing and operation of the ERIC and annex these to the Statutes

SWD Long Term Sustainability of RI

- To be published in September with elements of a proposed Action Plan for consideration by Council:

28. Encourage the synchronisation of national RI roadmaps/ budgets and their alignment with the European RI roadmapping process;

29. Stimulate a dedicated budget for European RI investment at national level;

30. Optimise the use of European Structural and Investment Funds throughout the whole RI lifecycle by fostering the development of RI business plans and support RI to meet regional / national RIS3 priority objectives;

31. Optimise the financial planning of RI by facilitating access to EU financial instruments (EFSD, ESIF and InnovFin), namely through the new instrument InnovFin Science targeting RI; ⁶
