Funding and financing opportunities

Workshop on Bus fleet renewal through deployment of clean and efficient vehicles

*Brussels,*
*26-27 June 2018*

Antongiulio Marin
Deputy Head of Unit
Transport Investment Unit
DG Mobility and Transport
European Commission
TEN-T and CEF

- **Budget**: 24.05 bn, 11.3 bn from Cohesion Funds

- **CEF Grants**: close to **50bn** investment mobilized
  - TEN-T corridors:
    - Cross border, bottleneck and missed links
    - Priority projects identified in CEF – Annex I
  - **Horizontal priorities**:
    - Innovation, ERTMS, SESAR, urban nodes etc

- **Financial instruments/budgetary guarantees**: Up to 10% of CEF budget
  - Contribution to **EFSI guarantee (transport)**: 25 bn
  - CEF Debt Instrument (PBI, LGTT): 13 bn (4.5bn)
  - CEF DI new pipeline: over 2.4 bn on clean transport
Cleaner Transport Facility

- Launched at the Transport Council on 12/1/2016

- Support the **accelerated deployment** of new cleaner transport technology. Focus:
  - **Public transport buses** / **public fleets**
  - **Alternative fuel infrastructure** on strategic networks

- **Full range of available tools** from EIB and EC for public and private entities

  - **Financial products**: EIB loans/guarantees/equity and Financial instruments e.g. CEF Debt Instrument
  - **EC grants**: e.g. CEF Transport conventional and **Blending Calls**

- **Advisory services**: EIAH – Advisory Hub liaising with ELENA, JASPERS and InnovFIN Advisory
**CEF Debt Instrument and NER300**

- **CEF Debt Instrument pipeline:**
  - Set in 2015 with €13bn in portfolio, now re-focused on complementarity with EFSI and clean transport
  - The current CEF Debt Instrument pipeline is expected to leverage investment for up to €2.6 billion

- **NER 300 funds:**
  - Commission Decision: up to €450 million available to support projects promoting innovative, replicable and scalable use of RES
  - CEF Debt instrument Delegation Agreement under revision
  - From 1st half of 2018: funds ready for project support using the EDP (InnovFin) and the CEF Debt Instrument for transport
  - CEF Debt Instrument financing can be combined with CEF grants under blending call

- Contact EIB/EIAH: cleaner@eib.org and http://eiah.eib.org/
CEF Blending Call 2017

- Blending, in the context of the CEF Call, is the combination of CEF grants with finance from the EIB, notably the EFSI, or with finance from National Promotional Banks or private investors.

- As for a "conventional call", but:
  - Letter of support by public or private financial institutions to be included in the submission.
  - Financial readiness evaluated to assess project "maturity" and "impact".
  - Disbursement of grants conditional to financial close.
Blending call – outcome and next step

Budget available €1.35 bn (on-going)

First cut-off date (€1 bn available, €2.2 bn of request):

- 68 proposals submitted, **17 proposals in cohesion MS, and 39 selected***
- €4.5 bn of mobilized investment
- Core network strategic infra, ERTMS, **Innovation and urban nodes** the horizontal priorities with larger oversubscription
- Letters of support from EIB, NPBs and from commercial banks, some from more than one institutions

*Projects selected:
Blending call – examples of projects selected

- **EUROP-E: The European Ultra-Charge Roll Out Project** will roll out a pan-EU network of 340 Ultra-Charging (UC) stations in 13 EU countries. EUROP-E is driven by OEM. EUR 40 million CEF's to leverage investment of EUR 200 million. The project is supported by the EIB.

- **The Central European Ultra Charging project**, promoted by the power utilities will deploy and operate a network of 118 Ultra-Fast Charging Stations in Central Europe. EUR 13 million CEF's contribution will leverage investment of EUR 67 million. The project is supported by a commercial bank and a National Promotional Bank.

- **The MEGA-E: Metropolitan Greater Areas project**, promoted by an infrastructure service provider, will introduce 39 multi-modal e-hubs in 10 major cities in Europe. E-hubs will enable ultra-charging and/or inter-modality with e-taxi, e-car sharing, e-logistics or e-buses. EUR 30 million CEF's to leverage investment of EUR 150 million. The project is supported by the a consortium of private banks.

- **Many innovative projects on H2 and LNG/CNG also selected.**
Blending call – next steps

Second **cut-off date April 12 2018:**

- **€350 million top up for innovation/deployment of alternative fuels.** Minimum required size of projects for project under 'Innovation': **€5 million.**

- **Funding available also for incremental cost of mobile equipment**

- **Advisory support** can be request to the EIAH: [http://eiah.eib.org/](http://eiah.eib.org/)

- **JASPERS can also provide support with dedicated budget of 3M available from CEF**

- **Evaluation ongoing outcome by September/October**
EU long term budget (2021-2027)

- Overall target of 25% of EU expenditure contributing to EU climate objectives (compared to 20% under current multiannual budget).
- **InvestEU**: At least 50% of investment under the sustainable infrastructure policy window to contribute to meeting EU climate and environment goals (mobile assets eligible).
- **CEF2**: 60% contributing to climate objectives (focus on infrastructure).
